For this purpose, the vendor may be advised to undertake changes to bring his offset proposals in conformity with the offset guidelines. During TOEC, the vendor is expected to provide details pertaining to IOP wise work share, specific products and supporting documents indicating eligibility of IOPs in addition to conformity with other clauses in the offset guidelines. If the vendor is unable to provide these details at the time of the TOEC, the same may be provided to DOMW either at the time of seeking offset credits or one year prior to discharge of offset obligations through that IOP. If the vendor submits the required documents at the time of seeking offset credits, DOMW will establish eligibility of IOP, product and offset discharge avenue along with other compliance issues and if, found ineligible on any count, penalty will be imposed by treating the transactions as invalid. If the vendor submits the required documents one year prior to discharge of offset obligations through a particular IOP, the final decision regarding admissibility of proposal shall be intimated by DOMW within three months of receipt of complete documents. If the proposal is found ineligible the vendor incurs the risk of re-phasing with consequent enhancement of 5% in obligations, in case, the annual commitments change due to such ineligibility. The TOEC will be expected to submit its report within 4-8 weeks of its constitution.”</p>
